

MISS BLECH, MRS. TAFT'S SECRETARY, WHO IS REPORTED ENGAGED.

Washington's official society has heard that Mrs. Taft is about to lose her social secretary, Miss Alice M. Blech. It is reported that the tactful and talented young woman who looks after the social engagements of the first lady of the land is soon to become a bride. The lucky man, gossip says, is Richard Walnwright, son of Rear Admiral Walnwright. The couple have been almost constantly together since last winter, when Miss Blech received her appointment at the hands of Mrs. Taft. Miss Blech has mastered seven languages. Probably the one thing which attracted Mrs. Taft to her was the fact that she was told that the young woman was a thorough pianist, having won much applause in the local music circles.

HONORED BIRTHDAY OF THEIR AGED MOTHER

Mrs. Mary Herrick, who yesterday reached her three score years and ten, was given a surprise party by the members of her family at her home, 337 Thirtieth street last night.
Mrs. Herrick had been called from home on some pretext and upon her return her children, grand children, great grandchildren and a few invited guests welcomed her at a festive board which had been laid during her absence. The evening was passed in a most enjoyable manner. Although seventy years of age, Mrs. Herrick enjoys excellent health. Mrs. Herrick is the mother of Patrolman Al Herrick.

NOTICE TO WATER USERS.

State Engineer's Office,
Salt Lake City, Utah, Sept. 30, 1909.
Notice is hereby given that Eva P. Lewis, whose post office address is Ogden, Utah, has made application in accordance with the requirements of the Compiled Laws of Utah, 1907, as amended by the Session Laws of Utah, 1909, to appropriate six (6) cubic feet per second of water from Cold Water Creek, Weber County, Utah. Said water will be diverted at a point 20 feet above the intake of the present Ogden City's water pipe, from which the west quarter corner of Section 19, Township 6 north, Range 1 east, Salt Lake base and meridian, bears north 60 degrees east 2,100 feet distant, from which point it will be conveyed by means of a pipe line for a distance of 3,000 feet and there used from January 1 to December 31, inclusive, of each year, to develop power for the purpose of electric lighting and propelling machinery in Ogden City and resorts in Ogden Canyon, Utah. After having been so diverted and used, the water will be returned to the natural channel of the stream, at a point from which the above described land corner lies east 2,580 feet distant. This application is designated in the State Engineer's office as No. 2240.

All protests against the granting of said application, stating the reasons therefor, must be made by affidavit in duplicate and filed in this office within thirty (30) days after the completion of the publication of this notice.

DATE OF FIRST PUBLICATION OCTOBER 14, 1909, date of completion of publication November 13, 1909.

JOHN A GIBBS IS LAID TO FINAL REST

Impressive funeral services were held for John A. Gibbs yesterday afternoon at 2 o'clock in the Lynde Ward meeting house. Hundreds of friends gathered to pay the final tribute of love to their much-esteemed friend and neighbor.

Bishop Turquist presided at the services and a quartette rendered the selections, "Jesus, Lover of My Soul" and "Wanted On the Other Side." Miss Pauline Maddock sang, "Some Sweet Day" and Charles Blair rendered the solo, "O My Father."

David Jensen, Bishop Bachman, Bishop George Smith and Bishop Turquist each spoke in highest terms of the deceased. Especial mention was made of the young man's devotion to his mother and of many kind acts among neighbors and friends.

Numerous floral offerings were brought to the casket. Chief Palmer, with four members of the Ogden Fire Department and the Volunteer Fire Department of Five Points attended in a body, eight of the volunteers acting as pall-bearers. Interment took place in the Ogden City cemetery.

SALOONS WILL BE CLOSED.

El Paso, Oct. 13.—The Mexican authorities today issued orders closing saloons in Ciudad Juarez, the city opposite El Paso, from Friday noon, five hours before the arrival of President Diaz, until Sunday morning, ten hours after he leaves. This is done as a precautionary measure for the protection of the presidents. President Diaz reached Chihuahua City this morning.

STONE IN KIDNEY

An interesting case was that of Mr. H. C. DeWolfe, a member of the firm of H. C. DeWolfe & Co., of the Crocker Building, San Francisco.

The case was puzzling. There was pain in the kidney with a showing of blood. Examination by seven physicians proved that the blood was from the kidneys, and it was the opinion of all that there was a stone cutting the kidneys, as the least exercise caused a showing of blood.

Four X-ray pictures were taken, three of them showing a stone half an inch in diameter. To be certain that it was a stone that cast the shadow, a similar stone about the same size taken from a patient was put under him for comparison—both stones showing on the plate.

An operation was about decided upon when Fulton's Renal Compound was recommended to Mr. McDuffie. He feared the knife and gave it a trial.

Within ten weeks the blood and pain had ceased and in six months he considered himself well.

We also have a three-page letter from an old school physician, a lecturer in one of the San Francisco Medical Colleges, covering a similar case of stone in the kidney. An operation seemed inevitable.

He prescribed Fulton's Renal Compound upon the theory that as it is getting results in Nephritis it ought to have some effect to reduce the inflammation and excessive uric acid that attends Calculus. He was so surprised to get a complete recovery that he thought a record ought to be made of it and gave us the letter above referred to.

Fulton's Renal Compound seems to have about the same percentage of efficiency in stone in the kidney that it has shown in Bright's Disease.

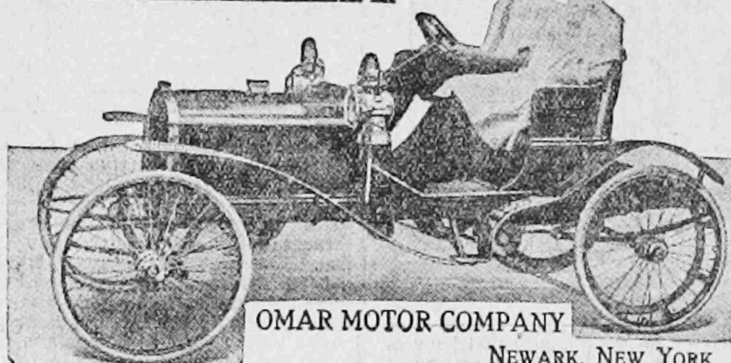

For free literature, address The John J. Fulton Co., 212 First St., San Francisco, Cal.

Fulton's Renal Compound can be had of our agent, Wm. Driver & Son Drug Co.

We desire to advise with every patient who is not noting the usual favorable results by the third week.

of the royal navy. Among the others of prominent expected to attend the convention is Wm. H. Moreland of Sacramento, California.

PRESIDENT TO INVESTIGATE
JAMES M. COOK CASE
Guadalajara, Mex., Oct. 13.—When

President Taft arrives at El Paso Saturday he is to be asked to have an investigation in regard to the case of James M. Cook, an American railroad conductor who is imprisoned on a charge of neglect in connection

with the robbery of freight trains of which he had charge.

The subject will be presented to Mr. Taft by a committee of the American railroad conductors employed in Guadalajara division of the National railroad.

COOK has been imprisoned since August 30.
ARRESTED FOR SENDING
LOTTERY TICKETS IN MAIL
Los Angeles, Oct. 12.—On information furnished by the federal author-

ities of Buffalo, N. Y., Holgrave J. Miller was arrested here today on a charge of sending lottery tickets through the mails. He was held in \$2,500 bail.

The alleged lottery is known as the Amsterdam Mining company. Miller and his father are charged with constituting the Diamond concern.

To Wait Is To Be Disappointed

Out of every thousand women who would like to get the genuine Wooltex garments, only eight can be supplied. Every operation in making Wooltex garments requires skill, care and organization—painstaking workmanship—which prevents increasing the output at will.

The makers of Wooltex make only garments that are good enough to guarantee for two full seasons of actual wear. They guarantee every garment they make.

That is why 992 out of every 1000 women cannot get Wooltex garments. That is why the supply of Wooltex garments dwindles long before the season is over. That is why only those who are prompt—only those who come now—can be sure of getting Wooltex.

Wooltex
FASHION FAULTLESS

Coats · Suits · Skirts · Dresses

For Well Dressed Women

In charm, in originality, in style, Wooltex stands supreme. The makers of Wooltex spend annually \$50,000, simply to maintain their permanent style organization.

This style organization is in charge of the famous Madame Savarie of Paris. Madame Savarie, four times a year, comes to Cleveland with trunk after trunk of costly imported models.

Together with the eight master designers of the Wooltex organization in Cleveland, the new Wooltex styles are created.

The best ideas of Paris are adapted, modified and improved to meet the ideals of American women of refinement and good taste.

Wooltex styles are not Paris styles. They are distinctive American styles.

Makers of Wooltex do more than any other makers of women's clothing, to secure extra quality material, extra careful workmanship. It is not enough that every

piece of material shall be all-wool—it must be purer, better, finer than the common all-wool of commerce.

The Wooltex organization of designers, tailors and cutters has taken twenty-five years to train and to build up to its present efficiency.

And the result is that every Wooltex garment—coat, suit, skirt or dress—is guaranteed for two full seasons of satisfactory wear.
